

A PERMANENT SOLUTION

In the month of July 2019, CBMPA/AIBSNLPWA leaders had several rounds of discussion with top officers in DoT and DoP&PW on pension revision of BSNL/MTNL retirees. Indication is that some officers in DoT are not inclined to submit a proposal for pension revision - CPC or PRC - without pay revision. A directive from the Minister is essential in this regard. It is also felt that we should submit an alternate proposal.

We want **A PERMANENT SOLUTION** to the problem, for the benefit of 1.68 lakh existing pensioners as on 1-1-2016 and for the 1.65 lakh future pensioners too.

We want **A PERMANENT SOLUTION** so that next time when other central government pensioners get pension revision, all BSNL/MTNL Retirees will also get pension revision; because all central government pensioners as well as BSNL/MTNL retirees are covered by same the Rule and are receiving pension from central civil estimate.

We want pension revision with CPC fitment benefits w.e.f. 1-1-2016 even if the immediate increase is bit less than what we demanded earlier.

On 2-8-2019. Com. Anupam Kaul (AGS) and Com. Munshi Lal (Delhi Circle President), visited the new Secretary, Telecom, Shri Anshu Prakash and handed over the letter from CBMPA, containing the new proposal and requested the new Secretary to settle the matter at the earliest.
